### PRESIDENT'S MESSAGE

Happy New Year to you all, I hope it is !!!

This Covid pandemic is getting verrrrry tiresome. It does put a big damper on activities and socializing. Therefore, there are no meetings scheduled at this time, however I am really hoping we can resume in March with something, somewhere. As the time gets closer we can plan what to do. It would be great to go to a nice restaurant for an actual meeting, but we can do outside stuff again if necessary. I would love to have some **suggestions from members** for something in your area during the year. We try not to have just a meeting, but some activity. May or may not include food, but this club really enjoys ice cream before heading home. Saturday or Sunday is OK, but usually the 3<sup>rd</sup> Sunday because of the traveling. Usually we meet around noon and meet until 4, but special events may alter that timeline. The host picks the time. Suggestions are; car related (cruises, shows, museums, special events, auto flea markets, parades, races, etc) but not limited to car related. Members could offer to view their collections, a car project in progress, a work bee on their problem, etc. We also like outdoor stuff; picnics, tours, rambles, an obstacle course, lake cruises, etc. I remind you that Don Palmer posts car shows and cruises on our web site . Just let him know if you want one posted.

**Wanted:** Someone to take the club Sun Tester . Judi Nichols wants to get this out of her garage. It works fine for 1980 & older cars/trucks and comes with a manual. It belongs to the club and someone needs to store it until the club decides what to do with it. A volunteer please let Judi, Don P or myself know if you can help.

I am attaching the roster for you to save. Let me know if you would like a hard copy . It comes in VERY handy when you want club info. Because of room, I have eliminated any non-Chrysler Corp cars. Let me know if you want a car added. Bob, I already added Bruce's Plymouth 1932 convertible to your list.

Judy
