Members present: Ruops, Palmers, Whitmans, Nichols, Crooks, Dunleas, Adams, Tom Dorward

The December Secretary's Report was accepted. The Annual Treasurer's Report was distributed, reviewed and accepted. The Club is still looking for a volunteer to assemble and mail out the newsletter to those with no email. Judy is currently doing it. New Club rosters were passed out.

The Plymouth Owners Club will participate with the Walter P Chrysler Club to organize a National Meet celebrating the 50th anniversary of the WPC Club. This will take place in August, 2019. The WPC Club has changed its policy and now allows resto mod, street rod, custom, and rat rod. These Chrysler products are now welcome so long as they are Mopar powered.

The first phase of the Plymouth Owners Club website has been released. This is the public site. Phase 2 will be out soon. This will include the ability to register for the Club online with a credit card and a member's only section.
